Original approval(s):
ISO 9001 - 14 September 1999

Certificate of Approval

This is to certify that the Management System of:

Royal Scientific Society

Ahmad Al Tarwaneh Street, Building No. 70, Al Jubaiha, Amman, Jordan

has been approved by LRQA to the following standards:

ISO 9001:2015

Approval number(s): ISO 9001 – 0046813

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

The scope of approval is shown on the next page and bears the same certificate identity number

Luis Cunha

Area Operations Manager - North Asia & SAMEA

Issued by: LRQA Limited

Certificate of Approval

The scope of this approval is applicable to:

Central Testing & Standards Sector: Automated Chemical Laboratories: Provision of testing services for safety of toys & plastic packaging material, food and water contaminants, food additives, pesticides Formulations, pesticides residue, medical gases, pharmaceuticals, and validation studies. Energy Laboratories: Provision of household appliance testing for energy labelling and renewable energy devices (solar thermal collectors & photovoltaic modules). Industrial Chemical Laboratories: Provision of testing services for fertilizer, cosmetics samples, paints and lacquers, textile and paper, petrol and lubricants. Using XRF & XRD techniques for chemical composition of geological and alloys Samples in the Industrial Chemical Sector, and measuring the radiation level using Gamma Ray Spectrometer in all types of samples & Gross Alpha Beta for water samples. Environment, Water & Food Laboratories: Provision of testing services for water & waste water, soil, sludge, food & feed, cosmetics, Disinfectants, cigarettes & tobacco products. Mechanical Laboratories: Provision of Metallic and Non-metallic Materials & Products Testing; Polymers, Plastic and Rubber Testing. Testing services for Pipes, Gas Cylinders & Valves, Gas Appliances Heaters; Provision of Non-Destructive Testing. Construction Laboratories: Provision of Cement materials testing (both black & white cement); Fresh & hardened concrete, concrete tiles & blocks, gypsum, tiles epoxy & insulation materials testing; Ceramic tiles, water efficiency fittings, china plumbing fixtures, clay tiles, wood, road markers, glass & anti-bullet glass testing. Aggregate, soil materials used for road works, asphalt mixtures, granite tiles, marble tiles, natural building stone, artificial building stone testing. Systems Engineering & Software Development Department Development of Applications and Software. Mobile Applications' Development. Requirement Analysis Studies. National Software Quality Assurance Centre Software Quality Assurance and Compliance Services. Software Testing Services. Provision of Software Quality Consultation Services Building Research Centre Provision of technical studies & consultations services, building construction quality control, inspection of buildings, project management, and green building assessment certification and related studies. Structural assessment and rehabilitation of existing buildings, including seismic retrofitting, and geotechnical assessment studies. Provision of development and updating of building codes, guidelines, and manuals. Provision of quality control for construction projects. Campus development and planning for the built environment, and architectural consultations. Water & Environment & Climate Change Centre Provision of air quality studies and projects, climate change studies and projects, real-time water quality monitoring, water quality projects and studies, projects and studies in environmental management (Environmental and social impact assessment, environmental auditing, cleaner production, hazardous material management, risk assessment and life cycle assessment), and food safety & biodiversity studies and projects. National Energy Research Centre: Provision of applied research, technology & knowhow transfer and adaptation, technical services & consultations to Both private and public sectors, and training in renewable energy and energy efficiency. Training Centre Provision of training services including accredited training for EC council & Jordanian Software Testing Qualifications Board (JOSTQB).
